REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The wiring and associated self-assembled monolayers, in a thin film transistor substrate as set forth in the claims, is not taught in the prior art.

The prior art made of record on form PTO-892 shows relevant prior art. Some of the materials of claim 1, for example, are taught for uses other than as set forth in this claim. Some copper wiring is taught with associated self-assembling monolayers, but not with the double layer as in for example claim 6, in the wiring layers as set forth.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to S. Crane, whose telephone number is (571) 272-1652.

The fax phone number for the organization where this application or proceeding is assigned is (571) 273-8300.
